### Mathematics - Measurement

Select the correct option, according to each question.

<b>Which is shorter?</b> 	<b>Which is longer?</b> 
<b>Which is the biggest?</b> 	<b>Which is the shortest?</b> 
<b>Which is smaller?</b> 	<b>Which is bigger?</b> 

Measuring length worksheets 2nd grade.

You can find out more and change our default settings with Cookie Settings. 10 pages Grades: K - 2 A set of templates to use when measuring with informal units. 7 pages Grades: 3 - 4 A sorting activity to help students identify lengths and distances that should be measured in centimeters, inches, feet, and miles. Photo Courtesy: Westend61/Getty Images The site is filled with some of the most popular kids' books, and rather than read them yourself, you can watch a video of a celebrity like Kevin Costner, Eva Longoria or Betty White read them to you. Divide your paper in half, on the left side write "facts," and on the right side write "fiction" (remember fiction means it is not true). 32 of 38 teaching resources for those 'aha' moments Practice measuring to the nearest ¼ inch, ½ inch, and inch with this set of 20 sorting cards. In a brief paragraph, explain what you would change in the book, and why. 3 pages Grades: 4 - 5 Fifty-eight measurement related vocabulary cards for a word wall. Then, draw lines coming out of the character, and list of the characters traits. Example: The emerald was green as a blade of grass. The home version offers a free eBook library for kids ages 3 to 11, including both fiction and nonfiction. Was the emerald as green as a blade of grass? Create a small "most wanted" poster of the meanest character in your book. Write a brief dialog exchange between the characters. Draw a story map about the book you are reading. The FunBrain site also has games for kids of ages and videos like Kidz Bop, Teen Titans Go! and Highlights Kids. You can also sort their books by collection or series. Find 5 plural (more than one) nouns in your book. Draw a picture of yourself on the television talking about the book you are currently reading. 2 pages Grades: K - 1 A mathematics investigation involving length, embedded in a real-world context. 2 pages Grades: 2 - 3 An interactive quiz to reinforce a range of measurement concepts. First, copy the sentence, then beneath that, write down your questions. 14 pages Grades: 2 - 3 Measure familiar objects using our lucky clover in this St Patrick's Day math activity! 2 pages Grades: K - 1 Practice comparing lengths with this sorting activity. You can narrow the selections down by age, length of book, topic, and other categories. Photo Courtesy: Maskot/Getty Images You can even search for books that are from each continent. 2 pages Grades: 4 - 6 A STEM project embedded in a real-world context. 4 pages Grades: K - 1 A set of rulers that use different sized, informal units to measure length. To be a little bit inclusive, you can ask your student to choose an activity from the list below that they think will go well with the book they are currently reading. Under your illustration, write down three reasons someone should read your book. It's especially important for first graders because they're still learning language, and reading helps them understand the sounds and patterns words make. Try a few, or try them all. On the right side write down the name of the character that was the "Villain" of the story. 4 pages Grades: 2 - 3 A problem solving worksheet involving measurement. For example, there are books that are Common Core-approved, Spanish language books, joke books, alphabet books and more. Draw two specific scenes from your story and underneath the illustrations, write a brief dialog exchange of what is happening in each scene. If you need some book ideas, here are a few books that students in grades 3-5 will enjoy reading: Tales of a Fourth Grade Nothing by Judy Blume Caddie Woodlawn by Carol Ryrie Brink The BFG by Roald Dahl The Courage of Sarah Noble by Alice Dalgliesh Everything on a Waffle by Polly Horvath In the Year of the Boar and Jackie Robinson by Bette Bao Lord The Secret School by Avi Write down the plural form, then write the singular (one) form of the noun. If you are reading a biography, create a portrait of the famous person you are reading about. It's won several awards, including an Emmy, and it's been endorsed by the American Library Association. Create a comic strip of the main events that happened in your book. Choose three sentences from your book and turn them into questions. Photo Courtesy: Klaus Vedfelt/Getty Images You can also browse by series or Oxford Reading Level. Draw a Venn diagram. Beyond books, the Oxford Owl site offers a blog with advice for parents and kids on topics like summer reading and what to expect when school starts. 11 pages Grade: 5 Seventeen Measurement Goal Labels for lower elementary. Each book has its own activity guide, and you can buy the books from the site if you'd like to own a physical copy. International Children's Digital Library The International Children's Digital Library has one of the biggest selections of kids' books online. Remember to include what he/she looks like and why they are wanted. Make a timeline of the important events that are happening in your book. If you'd like, you can print out a list of these activities and hand them out to your students. Choose three words from your book that you like the most. 1 page Grades: 2 - 5 A whole class game to play when learning about the properties of materials. If you sign up for a free account, you can create a virtual bookshelf with your child's favorites so that you can find them easily when you want. If you are reading a biography, create an illustration of what your famous person is known for doing. So you would draw an illustration of Rosa Parks taking a stand on the bus. Reading them is as easy as visiting one of these websites. MORE FROM QUESTIONSANSWERED.NET When you visit this site, it may store or retrieve information on your browser, mostly in the form of cookies. Pretend your story is a play. Then explain in two more sentences about the picture you drew. You can shop for books in stores, check them out from libraries and even buy them online, but you can also find free or inexpensive digital books for kids online. If you are reading a biography, make a list of 5 things you learned that you did not know. It also has informative videos on topics like getting along with siblings or dealing with bullies. Draw two or more characters from your story. Choose from more than 4,000 titles in approximately 60 languages. 23 pages Grades: PK - K A worksheet that allows students to choose appropriate units of measurement. 16 pages Grades: 3 - 4 A worksheet to use when learning to measure and convert length within the metric system. Photo Courtesy: Catherine Falls Commercial/Getty Images Many of the books are free to read online. 3 pages Grades: K - 1 Compare the length and height of various common objects with this 8-page mini-book. Each title gives a suggested grade level range. Be sure to draw balloons to accompany each picture with dialog from the characters. 10 pages Grades: K - 2 A PowerPoint providing a series of warm-up activities for Grade 1 students across the mathematics curriculum. Look for titles like Judy Moody, Diary of a Wimpy Kid, Smashie McPetter, Amelia, Slink and more. 1 page Grades: 3 - 5 A set of 24 match-up cards to reinforce a range of measurement concepts. Include a few sketches of the main events and dates. They can also be repeated throughout the year. Under their picture include a brief description of that person and what they are most known for. Photo Courtesy: MoMo Productions/Getty Images Reading is important for kids of all ages, whether they're reading on their own or hearing stories from teachers, parents and the other adults in their lives. Photo Courtesy: Povilas Baltinas / EyeEm/Getty Images However, if you're reading with your child, you may find that you want to work your way through all of the books, even the ones for older kids. 17 pages Grades: 4 - 6 A set of templates to use when measuring with informal units. To do this draw, a circle in the middle of your paper, and in the circle write the name of your book. 19 pages Grades: K - 2 Fourteen Measurement Goal Labels for middle elementary. Does your child know that a ruler, plastic measuring tape, yard stick, and metal tape measure all are designed to measure different objects? Then write down five facts from your book and five things that are fiction. 23 pages Grade: 2 A poster that explains the concept of length and lists associated vocabulary. 17 pages Grades: 1 - 6 This Mathematics unit addresses the concept of measuring, comparing and ordering length using informal units. Write a letter to the author of your book. Write down the definition, and draw a picture of each word. Once it does, you can start reading. FunBrainAt FunBrain, you'll find a selection of books for elementary and middle grades, including some of the popular books and series that kids love the most. Example: Old, nice, funny. There are math games and phonics guides, and you'll find a selection of activities to do at home, sorted by age and grade level. Storyline Online One of the most well-known sites where you'll find free online books for kids is Storyline Online. 2 pages Grades: K - 1 A worksheet to use when exploring informal units of length. Some may require a membership signup, but for most of them, you can go straight to the link and start reading. Wilbooks Wilbooks offers free digital books for kids ages pre-K through third grade and reading levels A through M. 9 pages Grades: 3 - 5 A set of 10 match-up cards to reinforce measurement concepts of length, mass, and capacity. 6 pages Grades: 2 - 3 A fun measurement game for students to play when applying their knowledge of length, mass, capacity and time. Make sure to include any questions you have about the story, and talk about what your favorite part was. 1 page Grades: 1 - 2 A worksheet to use when learning about measuring length using informal units. However, for a monthly fee or annual subscription, you can receive physical books in the mail and access educational printables. Pen pals Lisa and Magda illustrate height, weight, temperature, capacity, and distance in both metric and English units. In the middle, write down a few things they had in common. Choose your favorite character and draw them in the middle of your paper. On the left side, write down the name of the character that was the "hero" of the story. The site even has a section on math. Oxford Owl Created by Oxford University Press, Oxford Owl offers a free site for parents and children to use at home, as well as a membership version for teachers and schools. 1 page Grades: K - 1 Try all worksheets in one app In this colorful and fun worksheet, you can introduce your little ones to the different types of measuring tools, and the purpose that each one serves. Then, around the title, draw several pictures with words underneath about the events that happened in the story. The activities below will reinforce and enhance what your students are currently reading. Informational (fiction), 300 words, Level L (Grade 2), Lexile 660L Through the cleverly written text, students learn the difference between the measurement systems of the United States and Canada. If you want to stick to the dozens of free books available, click on the one you like, and it will appear in a pop-up window. 10 pages Grades: PK - 1 A worksheet to use when learning about measuring length using informal units. Include important dates and events that took place in the characters lives. If you are reading a poetry book, copy your favorite poem and draw an illustration to accompany it. Individual, school and classroom accounts are all available. Explain to them how each measuring tool is right for measuring particular objects, and help Steve measure different things in his house with the appropriate measuring tools. Pretend you are the author of the book. 4 pages Grades: K - 1 A mathematics investigation about measuring distance, embedded in a real-world context. 2 pages Grades: 4 - 5 A practical, hands-on activity to explore length by measuring parts of the body. 4 pages Grades: PK - K An interactive PowerPoint quiz that asks students to compare the length and height of various everyday objects. Pretend you are the author of the book and make up an alternative ending to the story. 20 pages Grade: 1 A PowerPoint providing a series of warm-up activities for Grade 2 students across the mathematics curriculum. Download Worksheet Complete online Book reports are a thing of the past, and it's time to be innovative and try some book activities that your students will enjoy. Cookies collect information about your preferences and your device and are used to make the site work as you expect it to, to understand how you interact with the site, and to show advertisements that are targeted to your interests. Example, Rosa Parks is known for not getting off the bus.
